- 試用截止日期：2023/3/13

如何免費使用 SAGE Campus 研究方法與研究技能的線上學習？

SAGE Campus 提供超過 250 小時的線上課程，支援研究技能和研究方法的學習養成。我們所規劃的學習路徑圖涵蓋了棘手的技能和研究方法，可以應用於學術研究的各個階段，從需要批判性獲取資訊的本科生，到需要報告和發表數據的研究人員，都能找到適合自己的課程。平台操作簡單，教職人員可以輕鬆地安排課程，供學生和研究人員自主學習，為學習、研究和職場打造實踐技能。

第 1 步，Demo hub 試用連結：<https://campus.sagepub.com/demo-hub>

第 2 步，填入如下需求訊息即可 GO TO THE DEMO HUB 進入課程範例

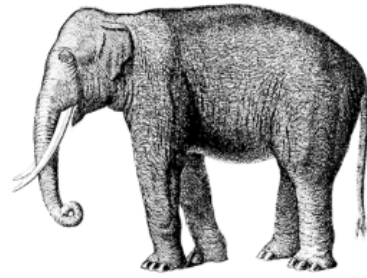

The screenshot shows the SAGE campus website header with navigation links: HOME, COURSES, SUBSCRIBE, ABOUT, BLOG, TRIAL, LOG IN. Below the header is a social media sidebar with icons for Facebook, Twitter, YouTube, Email, and a plus sign. The main content area is titled "GO TO THE DEMO HUB" and contains the following text: "Students, researchers, faculty and practitioners can try full demo modules from each of our online courses at our demo hub today by filling in the form below. Full 30-day institutional trials are set up centrally via your institution's library, so **recommend us to your library** to request a full trial." The form includes fields for Name (First Name and Last Name), Email, Job role (a dropdown menu with "Student" selected), and Discipline/Department.

第 3 步，DEMO HUB 可以看到每個單元的 **sample** 課程，並且可以下載課程大綱點選畫面中的綠色方塊點，就可以進入試用的課程內容。

The screenshot shows the SAGE campus website header with navigation links: HOME, COURSES, SUBSCRIBE, ABOUT, BLOG, TRIAL, LOG IN. Below the header is a social media sidebar with icons for Facebook, Twitter, YouTube, Email, and a plus sign. The main content area is titled "INTRODUCTION TO DATA MANAGEMENT FREE MODULE" and features a course card for "Analyze qualitative data". The course card includes a thumbnail image, the course title, and the text "Online course" and "SAGE campus". Below the course card is a section titled "About the course instructor: Dr Robert Thomas is currently a Lecturer (Marketing) at Aston Business School and his primary research interests and publications encompass Brand Management, specifically the areas associated with sponsorship, fandom, co-creation, and brand community." There is a link to "Download full syllabus" and a section titled "ANALYZE QUALITATIVE DATA FREE MODULE" with a thumbnail image and the text "Do your".

This module will help you to:

- Employ the options available to you to safely store your data
- Recognize the importance of data backups
- Describe what is meant by data integrity, and explain its importance
- Anonymize, encrypt, and destroy sensitive data when required for ethical reasons
